KINGS OF LOW PRICES ROSENBAU BROS. PROPRIETORS

THE OLD, OLD STORY.

What's that?
Oh, yes; of course,
It's my last summer's hat.
Why am I wearing it,
Did you say?
Well, I'll tell you, old chap;
It's this way:
As an ultra-swell dresser I could give
Even you
Cards and spades last summer, when
This old hat was new,
But when later on I met my fate
I had to bow.
That's why I'm wearing this antique
hat—
I'm married now.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for full terms and address.

Hannis Taylor, formerly United States Minister to Spain, who describes the state of affairs "In Madrid Before the War." The fiction in the May numbers will be noteworthy. William D. Howells and Mary E. Wilkins each contributes a short story, there'll be at least one serial story, and twenty brief tales of adventure by popular writers.

The circulation of The Ladies' Home Journal has reached 900,000, and passed it by 5,000—905,000 copies being the aggregate circulation of the April issue. This is an increase of over 35,000 copies per month for the last four months—since January first of the present year—over the corresponding period in 1899. Even these figures do not tell the whole story of the growth of the Journal's popularity. But they stand for the extreme limit of the capacity of the presses upon which the magazine is printed, but which for the last year or more—even with the constant increase in their number and running day and night—have been unable to keep the supply abreast with the increasing demand. Every issue within that period has been exhausted in less than a fortnight after the date of publication, and the mechanical restrictions have made it impossible to meet subsequent calls for the magazine—several thousand each month.

Does It Pay To Buy Cheap?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Doan's Kidney and Bladder Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. For sale by J. C. Peor.

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for Indigestion or Biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart Failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by J. C. Peor.
